

I oppose the NAB petition to stop XM radio from providing instant weather and traffic information. The reason we listen to XM Radio is CHOICE. We CHOOSE not to listen to radio stations with commercials. We CHOOSE XM because it gives us the variety we want and the quality that is not found on commercial FM and AM radio stations. We SUPPORT XM Radio. We oppose NAB petition 04-160. Freedom of speech is a foundation of this country. My husband fought for this right and others. Please reject this petition and keep our freedom truly FREE. Thank you.
